- 15:20-16:05** **OPPORTUNITY ID: WAYS TO MAKE AN IMPACT - SMALL GROUP DISCUSSIONS**
Facilitated small group discussions will focus on sharing the state of activities/actions across four (4) topic areas. Each discussion topic will be introduced by a speaker followed by a facilitated solution-oriented group discussion. The facilitator will drive discussions towards tangible actions and solutions. Discussion topics include:
- Topic 1: Targetting key populations in malaria interventions*
- ***Topic Speaker: Dr. Carlos Van der Laet, Regional Migration Health Specialist – Asia, International Organization of Migration***
- Topic 2: Addressing bottlenecks to supply chain challenges, particularly in bringing health products to remote areas*
- ***Topic Speaker: Abigail Pratt, Malaria Technical Advisor, PSI***
- At the conclusion of the solution-generating sessions, facilitators for each group will report back to the wider group, highlighting practical, actionable approaches from their discussions that could help form the basis for a regional private sector action plan.*

- 16:05-16:20** **TEA BREAK**
- 16:20-17:05** **SMALL GROUP DISCUSSIONS - continued**
Facilitated small group discussions (groups of 8-10) will focus on sharing the state of activities/actions across four (4) topic areas. Each discussion topic will be introduced by a speaker followed by a facilitated solution-oriented group discussion. The facilitator will drive discussions towards tangible actions and solutions. Discussion topics include:
- Topic 3: Building a sound policy advocacy environment to facilitate action towards elimination*
- **Topic Speaker – Anjali Kaur, Director of Asia, Malaria No More**
- Topic 4: Building successful private-private or public-private partnerships*
- **Topic Speaker – George Jagoe, Executive Vice President, Access & Product Management, Medicines for Malaria Venture**
- At the conclusion of the solution-generating sessions, facilitators for each group will report back to the wider group, highlighting practical, actionable approaches from their discussions that could help form the basis for a regional private sector action plan.*
- 17:05-17:20** **TEA BREAK**
- 17:20 – 17:50** **BREAKOUT SESSIONS: REPORTING BACK**
- *Cassie Dormond, Manager, GBCHealth (Chair)*
- 17:50 – 18:25** **CLOSING PANEL – THE COST OF INACTION - VISIONS FOR A WAY FORWARD**
Based on short reports back to the group from breakout session facilitators, a moderated discussion will propose priority next steps for ongoing private sector engagement. The session will end with clear next steps for how participants can stay engaged on the issues and contribute to designing a regional private sector action plan, including contact persons and ways forward for each of the respective breakout topics.
- *Moderator: Dr. Ben Rolfe, Executive Secretary, APLMA*
 - *Dr. Eduardo Banzon, Senior Health Specialist, Asian Development Bank*
 - *Dr. Urban Weber, Head of Department - High Impact Asia, The Global Fund*
 - *Francois Desbrandes, Deputy Director, Access to Medicines, Sanofi*
- 18:25 – 18:30** **CLOSING REMARKS**
- *Sancia Dalley, Vice President, GBCHealth*
- 18:45 – 20:45** **COCKTAIL RECEPTION**
- *Welcome Remarks from Lisa Goldman van Nostrand, Special Advisor, Sumitomo Chemical*
